Information

Correction for R. Norvaisiene article published in *Inzinerine Ekonomika-Engineering Economics*” 2012, 23(5), 505-516.

The published statement “Bistrova et al., (2011) analyzed the impact of capital structure on return on equity and return on assets in the Baltic countries; however the results of this research are incorrect, because interrelated and interdependent variables were used as the regressors during the regression analysis.” (p. 506) must be corrected as follows: ***“Bistrova et al., (2011) analyzed the impact of capital structure on return on equity, return on assets and market performance of the listed companies in the Baltic countries.”***

The Editorial Board apologizes authors J. Bistrova, N. Lace and V. Peleckiene for mistakes.
